Profile

A creative, diligent coder with experience in Java, C++, PHP, SQL, and HTML. My priority is always to learn, grow, and lead those around me to do the same. In my two years of college, I always lead group assignments, keeping everyone interested and engaged.

Experience

Website Developer

Baker Media, May - October 2020

Worked in PHP and SQL to create stock systems, fitting lists, customer facing portals, etc for Con Brouder Fitted Kitchens. Also developed WordPress sites for other clients.
